Ganesh Chaturthi, also called Vinayaka Chavithi, is an auspicious Hindu festival which is celebrated for 10 days every year. The festival is celebrated in the Bhadra month as per the Hindu calendar which generally falls in mid-August to September. It marks the birthday of the beloved elephant-headed Lord Ganesha.

The following are the impacts on the environment and which causes harm to the human and environment.

PLASTER OF PARIS: PoP contains calcium sulphate hemihydrate, a material that takes anywhere between months and years to fully dissolve in water. It reduces oxygen levels in the water, killing the fish and other aquatic life.

DECORATION ELEMENTS: Items like cosmetics, paint, ornaments, clothes, etc. increases the amount of Heavy Metals like lead, nickel, cadmium, and mercury. Heavy Metals increases the acid content, affects the PH balance, Poisons fishes, birds and humans.

FLOWERS AND OILY SUBSTANCES: These substances raise the amount of organic and inorganic matter in water bodies and thus lead to water pollution.

PLASTIC AND POLYTHENE BAGS AND SIMILAR ITEMS: These are hazardous materials and gravely disrupt and threaten aquatic life. The solid waste blocks the natural flow of water; which can cause stagnation and the breeding of mosquitoes and other harmful pests.

EDIBLES: These substances elevate the grease, oil and the organic content in water bodies thus contributing to the damage of marine life.

To avoid the above problems, NSS Unit of Tirumala Engineering College has organized an event Eco Green Ganesha Idol making and Distribution. We have collected the mud from nearby pond and brought to our college campus for making eco friendly ganesha idols preparation. NSS Volunteers participated in the event for making the idols. The ganesha idols prepared by the students distributed to all the students and faculty members by the college secretary and correspondent Sri Ravela Sathyanarayana garu. The management of the college appreciated all the students who involved in the making of eco friendly ganesha idols for their efforts in protecting the environment.
